## PROJECT PRESENTATION

7.11.19 HELDIG SUMMIT

Andrey Indukaev and  
Daria Gritsenko  
*Digital Russia Studies Group*

University of Helsinki

# PROJECT'S FOCUS

# TWO COMPLIMENTARY WORK PACKAGES

Argumentation as a reference to societally shared conception of value

Boltanski and Thévenot “Justification theory”

From supervised theory-driven classification to semi-supervised theory-building clustering

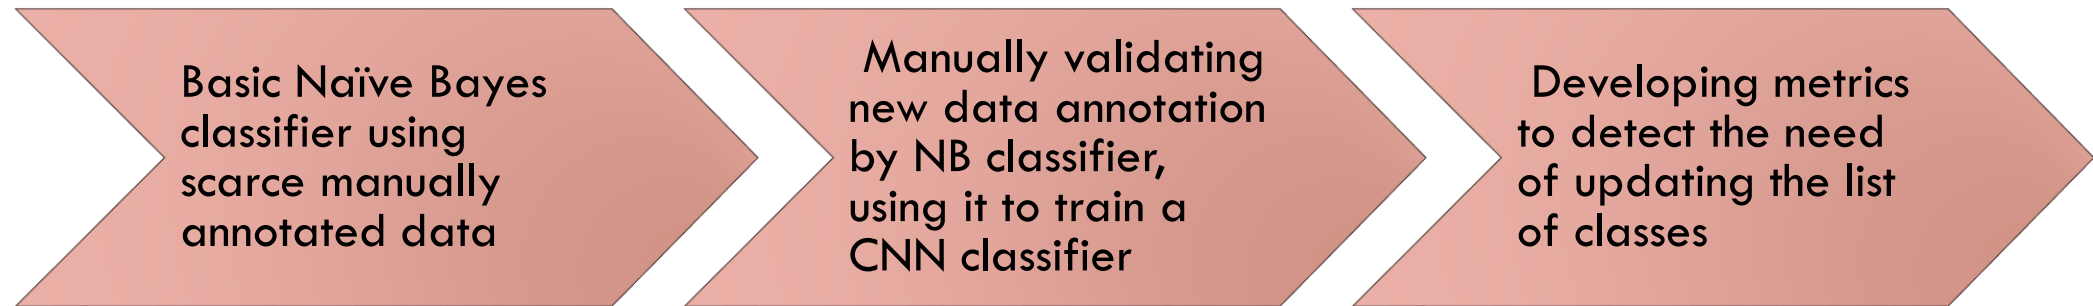

Argumentation as positioning one’s claim vis-à-vis the key politico-conceptual divides in a given societal context

“Basic concepts” and multi-dimensional ideological space

From detecting the concepts – shared and contested – that structure a political arena to developing multiple scales locating any claim in arena-specific ideological space

# ITERATIVE RESEARCH DESIGN

- Gradual sophistication and generalization of methods, on example of "Justification theory"

- From "model" to diverse data

# SAVE THE DATE!

9-10 January, International Workshop in Helsinki

(to be announced via HELDIG mailing list)
