HPC-Europa3 is an EC programme to boost collaboration and use of computational tools in all fields of science. It covers the costs and local HPC-center provides CPU time for 3–13 week long research visits to any of the hosting countries* requiring computing capacity. Choose from hundreds of host groups already listed, list your own group, or suggest a new one. Apply online!

* Hosting countries: DE, ES, FI, GR, IR, IT, NL, UK, SE
